

WHAT CAN YOU DO?

Boycott all Israeli products and encourage your friends and family to join the boycotts.

Send feedback to grocery stores and department stores and ask them to stop selling Israeli products.

Many Israeli companies play a direct role in Israel's violations of international law. Buying their products is a form of direct support for Israel's oppression of Palestinians.

Boycotting Israeli products builds economical pressure we can use to demand Israel to end the genocide, apartheid and oppression of the Palestinian people.
